## Message From The Chairman's Pen

**"Education Is What Remains After One Has Forgotten Everything  
He Has Learnt In School." - Albert Einstein"**

Dear Friends,

We, at Genius Group of Schools, endeavor to provide sufficient opportunities to each student to understand and discover themselves and to face and overcome challenges presented to them to make school life fulfilling and complete. We take pride in helping them grow and develop into sensitive and responsible well-rounded personalities of the next generation.

Our life is a journey. We learn and experience something new every day. We not only impart in-depth knowledge of a particular subject but at the same time also ensure competent and constant growth of the students. Problems exist in everyone's life but we frequently remind the students not to be afraid of failure but strive hard to achieve success through excellence and good leadership.

Teamwork is the hallmark of Genius Group. I appreciate the efforts put in by our wonderful team of students, teachers, and the unstinting support of the Management for making this a truly successful year for all of us. In this pursuit of excellence, I appreciate our parent fraternity for supporting the school in every aspect.

Looking forward to another rewarding year as our students' journey toward making and taking their places in the world. I hope and pray students of our school will scale great heights and keep the Genius Flag flying high wherever they tread.

- D.V. Mehta

## From The Editor's Desk

**Rabindranath Tagore expressed that "The highest education is that which does not merely  
give us information but makes our life in harmony with existence"**

Dear Friends,

We at Genius Group of Schools, keeping this spirit of education alive are continuously striving to nurture children into full-fledged personalities. We aim to nurture the child into a self-motivated individual. The curriculum and the practices of the school uphold the futuristic motto of the school "Building Global Citizens". Both Scholastic and Co-scholastic aspects of our education offer umpteen opportunities for the students to explore their interests and innovate new ideas.

It has been our earnest endeavor to not only promote intellectual and physical abilities but also raise the emotional intelligence of the children. Values of peace, love, justice, honesty, cleanliness and social concern, the quest for learning, integrity, and creativity are assimilated into the policy and actions of the school which are helping in the holistic growth of every child.

I am confident that with a dedicated and wonderful team of teachers, staff, students, and parents along with the benevolent support of the Management the school will reach greater heights in the years to come.

- Dimple Mehta
